3. **IN THE SPECIFICATION:**

Please insert the following section at the beginning of the specification before the heading "Technical field"

RELATED APPLICATIONS

This is a continuation of U.S. Patent Application No. 09/608,336 filed June 29, 2000, which is now U.S. Patent No. 6,675,241.

Allowable Subject Matter

4. Claims 22-39 are allowed.

REASONS FOR ALLOWANCE

The prior art of record does not teach or suggest individually or in combination the following:

A computer interface configured to receive the media data in the ISM format and transmit it to a computer using a communications protocol; wherein the computer interface comprises a wireless I/O device and the communication protocol is a wireless protocol, the ISM format being a media format that is acceptable and playable by a media player on a computer without any additional format modifications and the ISM format being a media format that is transmittable over a network coupled to the computer without any additional format modifications.

For these reasons claims 22, 29 and 34 are deemed to be allowable over the prior art of record, and claims 23-28, 30-33 and 35-39 are allowable by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
